AMENDMENT

Commissioner for Patents
P.O. BOX 1450
Alexandria, Virginia 22313-1450

Sir:

In response to the Office Actions mailed January 29, 2004 and July 31, 2003,
please amend the above identified patent application as follows:

In the claims:

1. (Withdrawn and Currently Amended) A process for forming a printed circuit board composite comprising:

- a) etching at least one surface of a polyimide substrate;
- b) coating a ~~first~~ polyimide film onto a surface of a metal foil which polyimide film contains from about 5% to about 80% by weight of the film of a filler; and
- c) laminating the ~~first~~ polyimide film onto the substrate by:
 - i.) laminating the ~~first~~ polyimide film directly onto at least one etched surface of the substrate, or
 - ii.) laminating the ~~first~~ polyimide film onto at least one etched surface of the substrate via an intermediate ~~second~~ polymeric film; and
